“ Fascinating games for the youngest members of the family!

GAMES FOR CHILDREN

OVER THE YEARS, Tactic has introduced many successful games for children. Our games have been applauded for being both educational and entertaining, and they have won multiple awards worldwide. In 2012, Tactic introduces several new games for children, all of which continue the classic tradition of social board games. *Colourful Caterpillars* is a charming board game, in which children learn colour recognition by matching the caterpillars with a right board colour. *Hungry Monsters*, on the other hand, is a game with a cool monster concept: while interacting with other players, players complete fun tasks and try to stuff their hungry monster's mouth with delicious food.

Richard Scarry's *Busytown* is an award-winning game that was introduced last year in Scandinavia. This year, a number of new games are released with the same beloved theme. Additionally, *Where's the Cat?* offers a fun memory game challenge and *Let's Learn European Flags* teaches preschoolers the flags and the location of the European countries in a fun, innovative way!
