MEXICAN TRAIN

THE WORLD'S MOST FAMOUS DOMINO GAME

A GOOD GAME OF DOMINOES starts with a high-quality set of tiles.

The most common domino set, *Double-6*, is smaller and easier to take with you than its big brothers, while still keeping the game entertaining with lots of different game variations.

Double-9 and *Double-12*, on the other hand, are perfect for players who want the extra challenge and greater excitement of a longer game and plenty of game options.

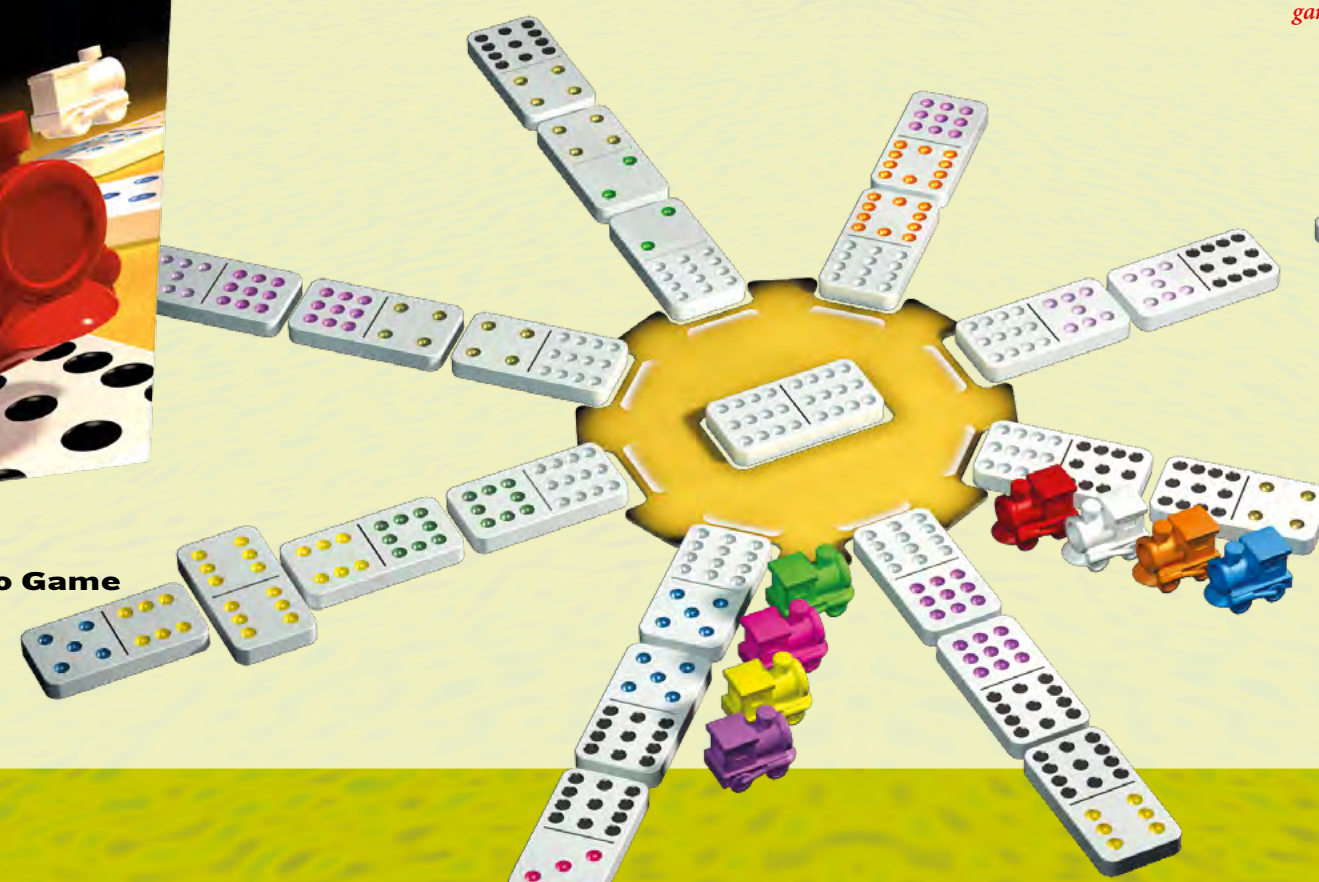

The coloured pips make the game flow even easier and the clear rules help players new to the game get started swiftly.

Above all, the tiles feel good in your hand – and that's where it all begins.

The World's most popular Domino Game

Lay out a chain of dominoes from the centre domino piece, or add pieces to the group's common chain (The Mexican Train). The first player to finish playing wins! There are many ways to block the trains along the way – so beware of obstacles!

The World's most popular Domino in Travel size

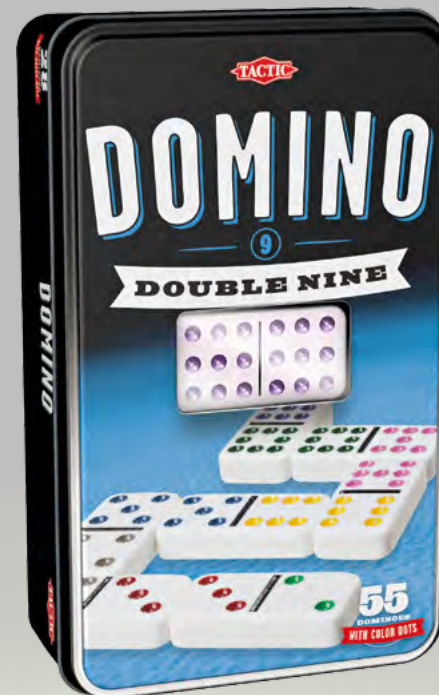

Start building your own domino trail or add dominoes to the Mexican Train. If you're the first player to get rid of all your dominoes, you win the game!

Double-6 Dominoes

This brand new edition brings back the fun of playing dominoes. Lay your tiles down in long chains, and try to be the first player to get rid of all your tiles.

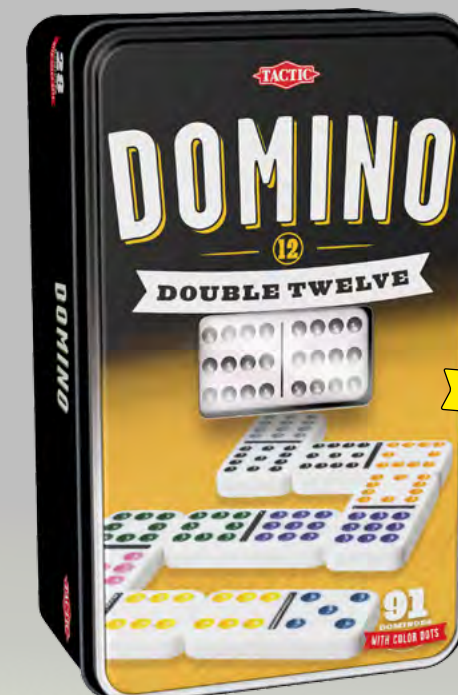

Comes in a durable tin box with a window!

Double-9 Dominoes

Are you ready for a game of dominoes? Try to be the first to play all your dominoes and you will be the winner!

The clear rules make the game easy even for beginners!

Double-12 Dominoes

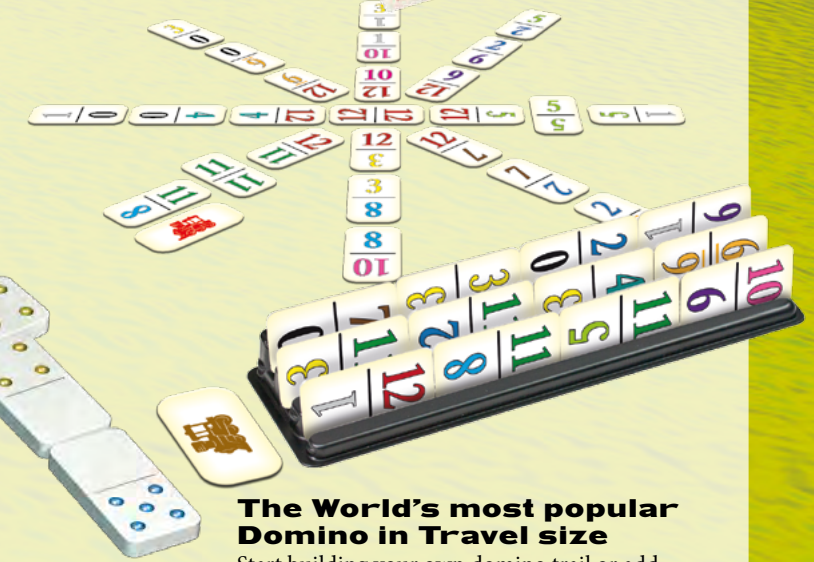

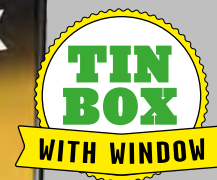

This great new set will make you always want to have another game of dominoes. Play your tiles and try to be the first to lay your last domino on the table.

The coloured pips on the tiles make the game easier to play for everyone!
