TACTIC

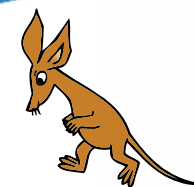

Discovery Game

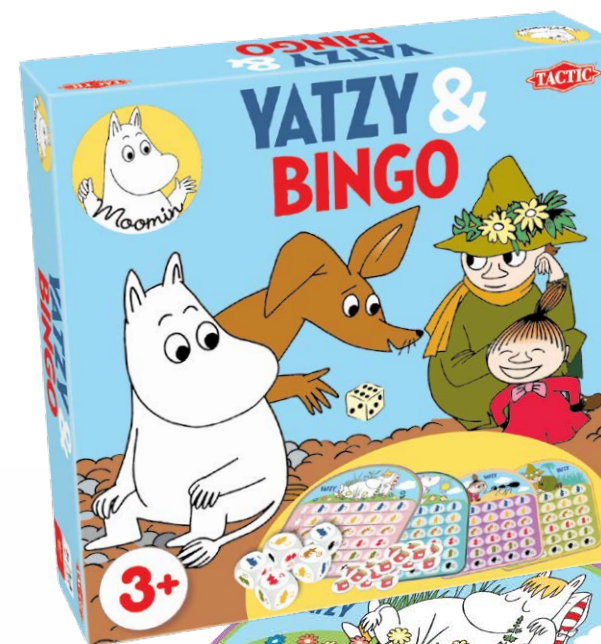

It's time for an adventure in Moominvalley! It's your job to find the characters and items lost in the jungle or snow faster than the other players. The game contains a unique, changing game board, which can be built differently each time, while the two different sides make it easy to make the game easier or more challenging for the players!

Lotto

Match the pictures on the tiles with the pictures on your collection board! Simple enough for even the youngest players to learn, Moomin Lotto is a great way to learn matching skills.

Yatzy & Bingo

Roll the same moomin character on as many dice as possible to win a game of Yatzy. Then you can just turn the score board over to enjoy a game of Bingo! With two classic games in one, Yatzy & Bingo is a jackpot of fun for every fan of the moomins!

Friends

Help Moomintroll and his friends from Moominvalley find lost items on the game board. Learning about numbers, colours and shapes is fun with Moomins!

Kimble

This true Tactic classic has now been dressed with the beloved characters from Moominvalley! Move your game pieces around the game board but remember that the other players will try their best to stop you!

Colour-In Puzzle & Playing Cards

Create a completely unique puzzle or deck of playing cards by colouring in the enchanting images from Tove Jansson's cartoon strips! Made with high-quality materials, these puzzles and playing cards are as durable as they are fun!

Mölkky

For great outdoor fun for the youngest players, look no further! Throw the Mölkky skittle and try to knock over the Hattifatteners! The first to score 50 points wins the game!

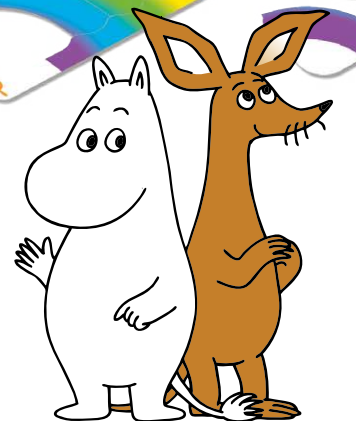

Choco

Turn over the chocolate pieces and look for beautiful strawberries and blueberries. Be careful, though, as there might be an unwelcome surprise lurking under one of the chocolate pieces!

Let's Learn Colors

Roll the colorful die and pick up the right piece of the rainbow. Learning about colors with the Moomins is great fun!

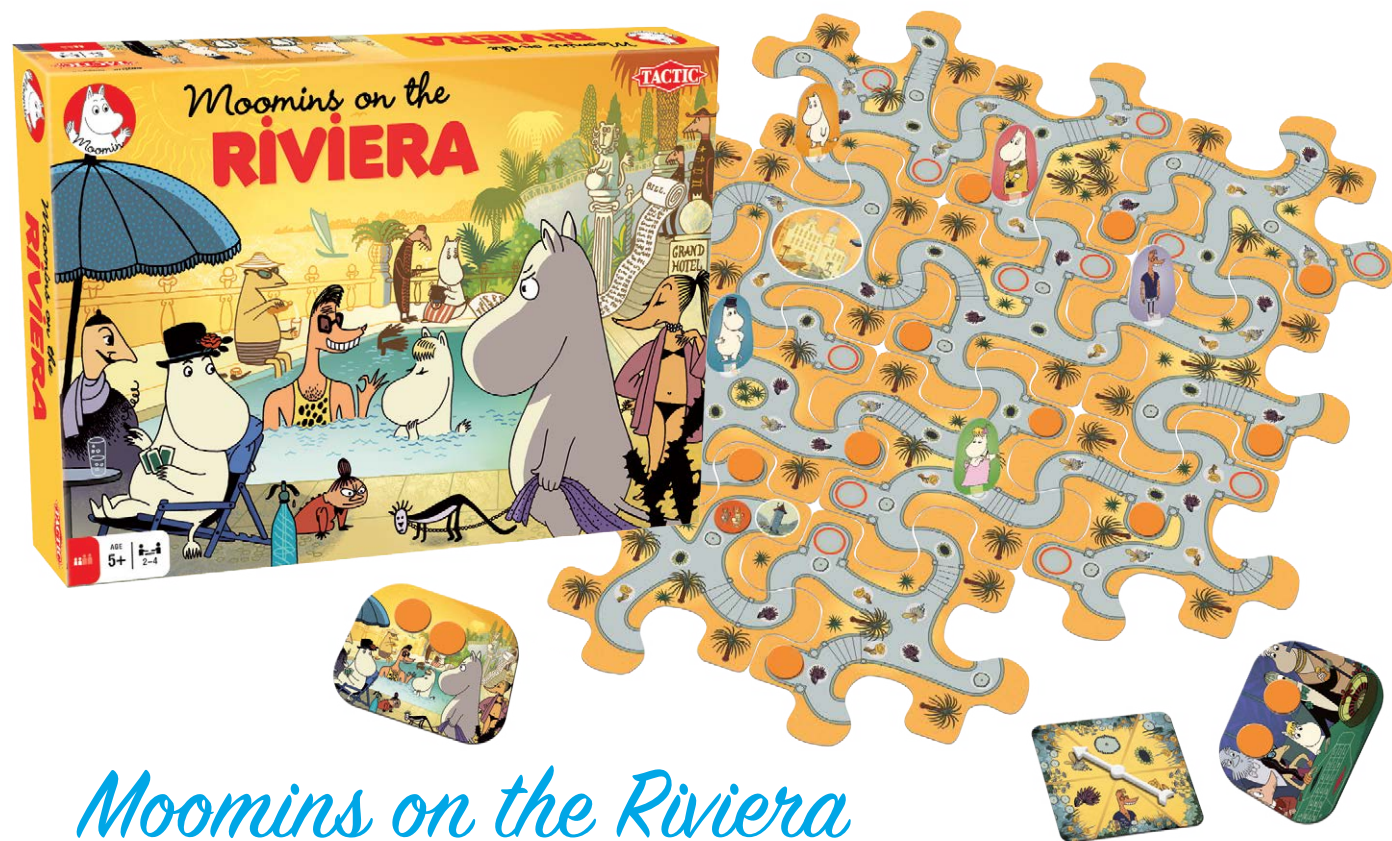

Where is Little My?

Turn over tiles and try to find as many tiles with the picture of the mischievous Little My as possible! Turn over the wrong tile, though, and you'll get Stinky instead!

My First Magic Set The Magic Hat

Just like the Magic Hat, this box is full of magical surprises! With 60 different pieces, you can teach yourself countless tricks and amaze your family and friends!

Help the Moomin family find lost items on the sunny Riviera! The intriguing game board labyrinth presents a new type of challenge as the game is different every time. Watch out for Clark - he might steal your items!
