SECRET LIFE OF PETS

EVER WONDER WHAT YOUR PETS DO WHEN YOU'RE NOT AT HOME?

Universal Studios and Illumination Entertainment bring you a brand new feature-length animated film on what it is that our pets get up to while we're not there to keep an eye on them.

Max is a scruffy terrier who leads a perfectly lovely life with his owner, Katie. That all comes to an abrupt end when a rescue dog called Duke enters his life and shatters his pampered existence. One thing leads to another, and soon they find themselves on the run in the Big Apple. All they know is that they have to make it home before Katie comes back from work and realises that they are gone. What lies ahead is a frantic race to find their way back!

One of the largest marketers and manufacturers of game products in Europe, Tactic Games is proud to present a range of entertaining products with the Secret Life of Pets license!
