Tactic Group

Tactic Group is an international, growing and successful group of companies, based in Pori, Finland.

Our story began in 1967 with the Kimble board game, which was first manufactured in a small garage. Year by year, the success of Kimble grew – and so did the company itself. Over the course of a half a century, Tactic Games has moved from those humble beginnings to become one of the largest game companies in Europe.

In 2019, we distribute our products to more than 80 countries all over the world. The vast majority of our games are manufactured in Finland, in the EU, and our own product development unit and in-house production facilities guarantee a creative process which is both innovative and flexible. Through our distribution network, we can guarantee regular and punctual deliveries.

Each year, we add new, exciting games to all our product categories. However, our overall goal has remained the same throughout the company's over 50-year history.

With Tactic Games you will always find:

- outstanding **price-quality** ratio
- **entertainment** for all ages
- fresh and exciting **new game** ideas as well as much-loved **classics**
- just the right balance between **luck and strategy**
- games you want to play **again and again**
