Tactic Group

Tactic Group is an international, growing and successful group of companies, based in Pori, Finland.

Our story began in 1967 with the Kimble board game, which was first manufactured in a small garage. Year by year, the success of Kimble grew – and so did the company itself. Over the course of a half a century, Tactic Games has moved from those humble beginnings to become one of the largest game companies in Europe.

In 2019, we distribute our products to more than 80 countries all over the world. The vast majority of our games are manufactured in Finland, in the EU, and our own product development unit and in-house production facilities guarantee a creative process which is both innovative and flexible. Through our distribution network, we can guarantee regular and punctual deliveries.

Each year, we add new, exciting games to all our product categories. However, our overall goal has remained the same throughout the company's over 50-year history.

With Tactic Games you will always find:

- outstanding **price-quality** ratio
- **entertainment** for all ages
- fresh and exciting **new game** ideas as well as much-loved **classics**
- just the right balance between **luck and strategy**
- games you want to play **again and again**

iKNOW 52658
iKNOW International 40640

Tactic is pleased to present iKNOW. A trivia game that is not dominated by one know-it-all. Every player is involved each turn and everyone has a chance to succeed in the game. To master iKNOW, players can't rely on their wit alone. Players need to carefully balance their knowledge about the different game categories with how well they know the other players. iKNOW offers players a unique game experience. Each clue leads the players step-by-step to the correct answer. iKNOW's two-pronged game mechanic makes it possible for everyone to succeed, even without being a trivia master.

During each turn, all players answer the same question and have the opportunity to earn points. Before any clues are read, players must determine if they will need 1-3 clues to successfully answer the question. What sets iKNOW apart from other trivia games is the unique wagering element. After the players have determined how many clues they will need to answer a question, each player is required to select another player and wager whether that player will be able to correctly answer the question. Even if you aren't the best trivia player at the game table, you can excel in an iKNOW game by using your bluffing skills to lead other players to the incorrect answer, or use your ability to read other players to determine if they will know the correct answer. To win, be the first player to accumulate 20 points.

- iKNOW is all about:**
- What you know
 - What you think the other players know
 - How well you know your friends

Mölkky Original

Mölkky has quickly become Europe's #1 outdoor game! Mölkky can be played on grass, gravel, sand, dirt or any outdoor surface. Groups of all sizes and ages can play together. Players earn points by tossing the throwing pin. If a player knocks down more than 1 pin, their score for that turn equals the number of pins they knocked down (4 pins = 4 points). After each turn the pins are put back up exactly where they landed from the previous turn, so the entire playing area starts to spread out. If a player can skillfully knock down just one pin, their score for that turn equals the number on the top of the pin (knock down the #12 pin = 12 points). The first player to knock down exactly 50 points wins the game, but be careful not to go over 50 points, or you will go back to 25 points! Download the free Mölkky app available on the App Store and Google Play. Mölkky is 100% natural and ecologically friendly with wood that is sourced from 100% sustainable forests.
