FH39 - The Amur Tiger in Siberian Summer

Maxi (36.5x28.5 cm) with 36 pieces

[Illustrative image 1](#)

[Illustrative image 2](#)

[Illustrative image 5](#)

[Neutral](#)

With soft blue skies and lilac mountains, this decorative Siberian summer puzzle is beautifully illustrated. In this summer forest picture, you'll find a Siberian flying squirrel, a black swallowtail, a Siberian eagle owl, a snow leopard, crested honey buzzards (bird), Siberian white cranes, mourning cloak, wapiti (deer), a long-tailed goral (goat-antelope), a Siberian lynx, a Siberian musk deer, argali, an East Siberian brown bear, rainbow trout, a raccoon dog, Siberian weasel, a grouse, a chipmunk, a butterfly and the Siberian Tiger. The puzzle comes complete with 36 pieces, ideal for little hands! A handful of puzzle pieces are shaped like a tiger, a tiger's head, a lynx, a leopard, a butterfly, an owl, a grouse and a weasel.

FH39 - The Amur Tiger in Siberian Summer is available in the following versions:

Quiz Puzzle

Maxi Puzzle - 36,5x28,5 cm

Studies have shown that the act of putting pieces of a puzzle together requires concentration, improves short-term memory and problem solving abilities.

This makes our puzzles effective learning aids.

1. There is a question on each piece, and the pieces only fits by their correct answers.
2. The children will know immediately whether they are right or wrong.
3. These puzzles are effective learning tools, because the children can work at their own pace and they develop the ability to concentrate.

MemoPuzzle

Maxi Puzzle - 36,5x28,5 cm

Teamwork.

When people can puzzle together it helps them improve their relationships and the ability to cooperate. Young and old, those who are trained and those who are less trained, can work as a team and help each other to succeed.

1. At first MemoPuzzle can be used as a puzzle to learn for example the clock.
All the pieces are unique, even though they look alike, and they only fit in one spot.
2. Later, the pieces can be used when playing Memo.
A pair consists of two different pieces that naturally belong together.

We have several MemoPuzzles, to help learn the letters, the clock, geography, math, and animals.

Have fun while you learn, and you will remember what you learned!

Train your memory.

Larsen Puzzles does not come with a picture to look at. The permanent frame helps you get started, and in the tray under the pieces you can see the shape of each piece. Train your brain by memorizing the image, the shape of each piece and where they belong.

Every time you put the pieces together you will remember more, and you will finish the jigsaw puzzle faster and faster.
